Three posses of officers and izens immediately set out for Bu- Vista and there it was learned t the negro desperado had been leaving a barn just before day- ak. It was stated that the fugi- had taken the highroad for Ar- three miles away. Acting under advice of ex-Chief of Police Jor- the posse was divided up into ads, each one takinig separate es toward Arden. All the posses e together at Fletcher's and here -Chief of Police Jordan decided that best course to pursue was to gain divide the fifty or more men into squads. Two of these scoured Blakes woods, one deployed to the left, while another was guarding the road in front of Cunningham's store.

Dr. L. P. Russell, N. B. Baldwin and Harry Roberts caught first sight of the negro in the Blakes woods, and the signal agreed upon, "two shots in rapid succession warned the searchers that the quarry had been run to earth. Again the rifles rang out, and the fleeing form of the negro, who carried a rifle, emerged from the Blake property, and ran across the high road to a field skirting the Westfeldt property. On the porch of a private house adjoining the Cunningham store stood J. H. Caine, editor of the Asheville Citizen, who was one of the squad which was left at Fletcher's store to guard the road. As the negro reached the open field adjoining the house on a dead run, Caine opened fire with a 38-caliber revolver, but none of the shots took effect, for the fugitive never slackened his pace, but made for the woods, and was seemingly swallowed up.

Down the road at a 2:40 gait came ex-Chief Jordan, O. H. Wells, Dr. Russell, H. M. Roberts and N. P. Baldwin, shouting to other members of the posses to make for the woods where the negro had taken refuge.

The posses quickly closed in, took the road turning to the right from Fletcher's, and a fusillade of shots from the woods ten minutes later told the inhabitants of the surrounding country that justice had been done, and that the cold-blooded murder of two white policemen and three innocent negroes had been avenged.

About 2:30 o'clock the posse arrived in Asheville with the body of the dead negro, which was taken at once to the undertaking rooms. Like wildfire spread the news of the man's death, and in less than half an hour South Main street was blocked with a crowding, shouting mass of men and women, to see the man who in less than twenty minutes had taken the lives of five men, three of his own race.

For some time it was feared that the mob would take the body of the negro from the officers, and follow out its threat of burning it. But the sheriff and his men guarded the doorway of the undertaking establishment with loaded rifles and the crowd later dispersed. All is quiet in the city.

A dispatch from Charlotte, N. C., leads the authorities to believe that Harris was an assumed name, and that the dead negro was James Harvey, of Forest City, Va. The sheriff is on his way from Charlotte to identify the dead negro, should be prove to be Harvey.

The ambassador told him that he had been merely presented with a paper containing a list of questions; that he had declined to answer them and that was all there was to the matter.

Wheat Yield Decreases.

St. Petersburg, Nov. 17.—The crop reports received here from 71 provinces and districts of Russia show the yield of wheat to be 15,590,000,000 and rye 38,355,000,000 pounds, which is 9,938,000,000 pounds below the average. In several of the interior provinces the peasants have taken to their beds ,lying motionless for days at a time, in order to weaken the pangs of hunger, and mixing their scanty supply of grain with pig weed to make more filling for bread.

Reports Without Foundation.

New York, Nov. 17.—The Journal of Commerce prints an interview with a representative of the Standard Oil company who, the paper says, spoke with authority. It concerns a report that the company was preparing to voluntarily dissolve and is as follows: "Any report that steps have been taken by the Standard Oil company to dissolve are entirely without foundation. Surely such a report carries its own contradiction."

East Gainesville Progress.

East Gainesville seems to progress with other sections of the city, when it comes to building. Several new and modern cottages have gone up in that section within the past two years, and building continues.

The latest acquisition to building in East Gainesville are two cottages which are being erected by J. A. Robertson on Alachua avenue, between Roper avenue and Palmetto street. These cottages, the foundations of which have just been laid, will be five rooms each, and will be modern in every way. Being situated in a fine neighborhood, it goes without saying that they will rent readily.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

THE CIRCUIT COURT.

More Than Fifty Cases Disposed of Without Empanelling a Jury.

The circuit court convened at 8:30 o'clock Thursday morning, but adjourned in few moments without having a case come before the court for trial.

In this direction this has been a most remarkable term, and something the like of which has never before occurred in any court in Florida. This being the first week, the civil docket was taken up for consideration. The jury was called and sworn, but so far more than fifty cases have been disposed of in one way or another, and not one juror has been impanelled. This is remarkable, but it is true.

OUT OF SORTS.

People Not Really Sick Are Often Most In Need of Care.

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."

The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore strength and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is any distress and heaviness in the stomach, dizziness, and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.

A large box of Mi-o-na stomach tablets is sold for 50 cents by J. W. McCollum & Co., with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask them to show you the liberal guarantee they give with every 50-cent box of Mi-o-na.

George Cable to Wed.

Lexington, Ky., Nov. 16.—The date for the marriage of Miss Eva C. Stevenson, of Lexington, Ky., to George W. Cable, the author, has been set for Saturday, Nov. 24. The wedding will be celebrated quietly in Philadelphia, where the bride-elect has relatives.

There is No Reason

Why your baby should be thin, and fretful during the night. Worms are the cause of thin, sickly babies. It is natural that a healthy baby should be fat and sleep well. If your baby does not retain its food, don't experiment with colic cures and other medicine, but try a bottle of White's Cream Vermifuge, and you will soon see your baby have color and laugh as it should. Sold by W. M. Johnson.

A SERIOUS RUNAWAY.

J. J. Slappey Has Jaw Broken, and J. W. Carter Badly Bruised.

Micanopy, Nov. 15.—While out riding Wednesday afternoon J. W. Carter's horse got frightened at the train that came up behind him. Mr. Carter and J. J. Slappey, the parties in the buggy, thought best to get out, and in getting out they were caught in the wheels breaking Mr. Slappey's jaw badly. Mr. Carter is badly bruised. The horse ran up to Evinston and stopped at a tree where he had been hitched a few times before. Mr. Carter stated that it was his fault, and if he had stayed in the buggy everything would have been all right.

Sells More of Chamberlain's Cough Remedy Than of All Others Put Together.

Mr. Thos. George, a merchant at Mt. Elgin, Ontario, says: "I have had the local agency for Chamberlain's Cough Remedy ever since it was introduced into Canada, and I sell as much of it as I do of all other lines I have on my shelves put together. Of the many dozens sold under guarantee, I have not had one bottle returned. I can personally recommend this medicine as I have used it myself and given it to my children and always with the best of results." For sale by all druggists.

Will Go to Tampa.

At the last regular meeting of Alachua Camp No. 5, Woodmen of the World, the question of sending a delegation from this camp to Tampa upon the occasion of Woodmen's Day, November 21, was brought up and discussed and it was the unanimous will of the camp that a delegation be sent.

Council Commander Joseph Brooks, who is one of the most enthusiastic and most widely posted Woodmen in the State, and Joseph Manasse, were appointed as delegates, and it goes without saying that they will be a credit to the camp. They expect to leave in ample time to be in readiness for Woodmen's Day.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

Meeting of Elks.

There was an interesting meeting of Gainesville Lodge No. 990, B. P. O. E., Thursday evening, which was well attended. It had been announced that three candidates would be "trotted" over the hot sands of Elkdom, and that was sufficient information to bring the Elks out in good force. There was plenty of fun, and at the conclusion the three fawns had no regrets to make that they had passed through the narrow paths and been duly installed as Elks.

Billous Attack Quickly Cured.

"A few weeks ago I had a billous attack that was so severe I was not able to go to the office for two days. Failing to get relief from my family physician's treatment, I took three of Chamberlain's Stomach and Liver Tablets and the next day I felt like a new man."—H. C. BAILEY, Editor of The News, Chapin, S. C. These tablets are for sale by all druggists.

ECZEMA SKIN RAW AND FEVERISH-ITCHING INTENSE

Eczema is a tormenting, stubborn disease caused by an acid humor in the blood coming in contact with the skin and producing redness, inflammation and almost intolerable itching. An inactive state of the system and sluggish condition of the eliminative members leaves the waste and refuse matter of the body to collect and sour instead of passing them off through nature's channels of bodily waste. The blood in its efforts to purge the system of all foreign matter absorbs this acid and throws it off through the pores and glands of the skin. The acrid humor seems to ooze out and set the skin on fire, the straw colored, sticky fluid drying and forming crusts, and the itching is intense. When these pustules are scratched off the skin is left raw and feverish and often a solid sore is formed and kept up by the constant escape of acids from the blood. Local applications of salves, powders, lotions etc. are desirable and should be used because they allay the itching and give the sufferer temporary comfort, but are in no sense curative, because they cannot reach the seat of the trouble, which is in the blood.

S.S.S. PURELY VEGETABLE.

S. S. S. goes down into the blood, cleanses the circulation of all acids and humors, builds up the thin, sour blood and by removing every vestige of the cause cures Eczema permanently. The irritating eruptions disappear, the itching and burning cease, and the acid-fired skin, being fed by a fresh, cooling stream of blood, becomes soft and smooth again. S. S. S. is made of healing, purifying roots, herbs and barks that will not damage any part of the system. Book on skin diseases and any medical advice free.

GAINESVILLE TO HAVE TROLLEY LINE

Application for Charter Has Been Made to City Council.

WILL BE A VERY FINE THING

Line Will be First Run to University, but Afterwards Extended to Seaboard Air Line Depot and Other Points of Interest in the City.

Gainesville is growing in every direction, which is a source of gratification to those who have her interests at heart.

The latest proposed improvement is an electric trolley line, which will be operated over the principal streets of the city. The first route proposed is from the square along West Liberty street to the University buildings, which will prove of great advantage to the students, as well as to those who desire to visit the University.

Dr. Andrew Sledd, president of the University, is at the head of this proposed company, and the company has asked the city for a charter. The matter is now under advisement by a committee of the City Council, composed of Aldermen J. Harrison Hodges, A. M. Cushman and W. B. Taylor. This committee will report at the next regular meeting of the council, and it has been intimated that the report would be favorable, as the aldermen are progressive men, and believe in any project which will tend to the upbuilding of the city and its interests.

The proposed plan is to first inaugurate a line from the square to the University, and as soon thereafter as arrangements can be made to extend the system to the Seaboard Air Line depot, to East Gainesville, and to other sections of the city that in the judgment of the company would pay.

The company is merely waiting for the granting of the charter, when further action will be taken. It is safe to say that Gainesville will have a trolley system, as the committee appears to be inclined to grant the charter, and the promotors are anxious to build.

In Time of Peace.

In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of those who, so to speak, "have shingled their roofs in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to successfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has become settled in the system. Chamberlain's Cough Remedy is famous for its cure of colds and it should be kept at hand ready for instant use. For sale by all druggists.

A REMARKABLE CASE.

Lady of Bradford County Cutting New Teeth in Her 99th Year.

A strange case comes from Bradford county, near Sampson City. It is a case where Mrs. Marsden, now in her ninety-ninth year, is cutting an entire new set of teeth, something which has never been recorded before.

Mrs. Marsden, notwithstanding her advanced age, is active, and is possessed of the most amiable nature. She has been a resident of Bradford county for more than seventy-five years, and is probably the most widely known resident of the county. She has a great many friends who have taken an interest in her, and it may be said that no person in the county is more popular from an individual standpoint.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." The Annual Thank-Offering For the Orphanage.

Thursday, the 29th of November, is National Thanksgiving Day. It is to be a day of thanksgiving and praise to our Father for the many blessings we have received, and of prayer for the continuation of His mercies. On that day the people of Florida will meet in their churches and in their homes to worship and thank God for His many mercies bestowed on us through the year, and to pray that He may move us by His spirit to receive and to use these blessings for His glory.

As is our yearly custom, we come to you again and ask that the people everywhere in the State, whether you meet at your homes or at church, or wherever you may be, will send the Florida Baptist Orphanage a thank-offering.

It is the laudable custom of many to send gifts to the poor on that day. Please remember the orphans at Arcadia, and send to me any offering to help on your great work at this place.

While you are considering this important matter, please bear in mind that we sorely need another building, the lower story for a school room and the upper story as a dormitory for the boys. This building will cost about six thousand dollars. By a liberal thank-offering you can help us to do all we can for these children.

Send amounts to me as below.

Sincerely,
B. M. Bran, Sup't.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

WALTER ROBINSON'S WILL.

Was Filed For Probate, But Sent North For Identification.

The will of Hon. Walter G. Robinson, recently deceased, was handed into the office of County Judge Mason a few days ago for probate, but upon request of the relatives of deceased, the same has been sent to Providence, R. I., for identification of signature, etc.

While no note was taken as regards the amount embodied in the will, it is understood that the paper provides for the distribution of about $200,000. No record was made of the will in the county judge's office at the time the will was entered, and it will be impossible to arrive at the exact figures and proportions until the document has been returned.

A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tacket of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tacket's lungs that death seemed very near. He writes: "Severe bleeding from the lungs and a frightful cough had brought me at death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored, and as time has proven, permanently cured." Guaranteed for sore lungs, coughs and colds, at all drug stores. Price, 50c and $1. Trial bottle free.

An Appreciation.

GRAND JURY MAKES ITS PRESENTMENTS

Lays Bulk of Lawlessness to Concealed Weapons and Whiskey.

RELIEVES IN A REWARD

The Jury Suggests That a Reward of $50 Be Granted in All Cases of Conviction to the Arresting Officer. Remarks Regarding Poor Farm.

The grand jury for the fall term of the Alachua county court, which adjourned on Friday, has made the following presentments:

"To His Honor B. H. Palmer, Judge Presiding:

"We, your Grand Jury for the fall term of our circuit court in and for Alachua county, desire to respectfully express our thanks to Your Honor and the officers of this court for the many kindnesses extended to us during our deliberations.

"We note that the greater portion of crimes committed in this county is traceable to the carrying of concealed weapons and the sale of intoxicating beverages.

"We suggest that the county commissioners offer to any person reporting and furnishing the evidence sufficient to convict any party guilty of the illegal sale of intoxicating liquors a reward of $50; and we make this suggestion without any reflection upon any officer in this county, but on the contrary express our congratulations of the manner in which the law has been enforced.

"We have examined the county jail of this county and find the same in excellent condition.

"We find the county in good financial condition and commend our worthy county commissioners for their discreet management of the county's financial affairs. We are, however, unable to find that the poor and indigent are receiving any material benefit from the poor farm as it now stands and it is difficult to learn what amount is being spent to maintain it; we therefore recommend that the county commissioners make and publish a report of the expenses of the poor farm, and also that such change be made in its management as will render it suitable for taking care of the poor and indigent of the county in a proper manner, and if this cannot be done, that it be abolished.

"We have learned of the death of our late State attorney, Hon. B. P. Calhoun, and desire to express to his bereaved wife and children our deepest sympathy.

HIGH SCHOOL NOTES.

BY SUN'S SPECIAL REPORTER.

The enrollment has now reached 467—212 boys and 255 girls.

Tardiness is gradually decreasing; but it is doubtful if any grade will be able to get that half-holiday this month.

We were entertained Monday morning at chapel exercises by a beautiful violin and piano selection by Ruby and Bernice DeLand. They were compelled to respond to an encore.

We have had a number of visitors this week, which of course pleased us. On Tuesday morning Capt. Lynch, principal of the Jasper Normal, was with us at chapel exercises, and gave us a fine and interesting talk. The Captain will always receive a warm welcome. Wednesday we were honored by a visit from Mr. Hamrich, a Confederate Veteran from West Florida. Thursday Mrs. Evans and her sister attended chapel exercises.

The Euclion Literary Society had an interesting meeting Friday, and discussed the question of single sessions for city schools. The decision was in favor of a single session.

Ruth Doig, of the Sophomore class, has been absent this week on account of illness. She has been greatly missed, as she is a general favorite with her class.

The Freshman class are wondering what has become of Conyers Waugh.

Our singing is improving considerably since we got our new books. We have already learned three new songs.

Mr. McReath has asked The Sun to call the attention of the parents of the city to "Regulation 22," which may be found on page 28 of the "Course of Study and Rules and Regulations for Alachua County Public Schools" adopted by the Board of Public Instruction Oct. 3, 1905, and which reads as follows: "Regulation 22—Pupils of Alachua county public schools are forbidden to smoke cigarettes upon the school grounds, or on the way to or from school. Any pupil violating this regulation must be instantly suspended from school, and the fact of suspension at once reported to the County Superintendent. Teachers are directed to call the attention of their pupils to this regulation."

C. E. CONVENTION.

Interesting Session at Cedar Key. Many Addresses by Officers.

That the first convention of the North Central Christian Endeavor Union was a success is agreed by all Endeavorers who had the good fortune to be at Cedar Key on November 6th and 7th.

Definite aims for definite objects was the leading thought. In the three conferences, on Union Work, Missions, and Society-Problems, this was emphasized. Good results are certain if each society in the district will earnestly strive to make their endeavors specific in all lines of work.

The address on the "Tenth Legion" by Mr. Henderson was another practical application of the same principles. How meager are our offerings when we give "as we feel like it!" How grandly all Christian work would move forward if each one gave the tithe "as God hath prospered him!" A larger Tenth Legion enrollment and a liberal gift to the Christian Endeavor Memorial Building fund are expected by January 1st.

Rev. Manire's address was encouraging to the lady delegates, as he told how many of Paul's co-workers were women.

One of the most important meetings was the "Morning Watch," at 6:30 Wednesday morning. This is the secret of all successful endeavors—the quiet hour with the Father and His Word, that His children may be fed with the bread of life, thus strengthened for each day's duties; another goal for which to strive.

The Junior hour was pleasant and profitable to both the children and those who wish to lead them in the paths of righteousness.

An enjoyable social evening was spent at Mrs. Kirchain's home. Informal addresses, greetings from absent friends, music, ice cream, a moonlight walk on the beach, and a beautiful souvenir in pyrography given to each guest, were among the pleasant features. Another example of Cedar Key's hospitality was a delightful launch ride of ten miles on the Gulf one afternoon.

The sermon Wednesday night was a fitting climax to the invaluable help already rendered by our State president, Rev. Jas. F. Winnard. His versatility, enthusiasm, and strong consecrated life, reminded one of Paul's words—"Forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus."

Our faithful district president, Mrs. Walker, led the closing service, where we in prayer reconsecrated ourselves to a better life and service for Jesus.

The most of the district officers were reelected, and after paying all expenses $3.50 was sent to the Children's Home Society at Jacksonville, by the District Union.

At 5:30 Thursday morning many were at the depot to bid the visitors God-speed on their homeward way.

Let the motto of Ohio's Endeavorers be ours, "till we meet again"

PIPE HAS ARRIVED.

Two Carloads Here, and Force Again At Work On the Sewerage.

Contractor Beeman of the sewerage system, as was stated in The Sun a few days ago, has been very much inconvenienced and delayed on account of the failure of several carloads of sewer pipe to arrive. After an idleness of about ten days, however, the force is again at work, two carloads of piping having come on Thursday.

Contractor Beeman was naturally provoked at the tardiness of delivery. This pipe has been on the road from Birmingham, Ala., since October 25, and has caused a serious delay in the work.

Cabinet Crisis Impending.

Madrid, Nov. 17.—King Alfonso has been hastily recalled to this city from his hunting expedition. It is believed that a cabinet crisis is impending. War Minister de Luque is resisting the pretensions of General Weyler and General Pola Vieja to the field marshalship vacant owing to the death of Count de Cheste. The generals base their claims on their "victories" in Cuba and the Philippines.

An army officer and his five children are living in New York on $3 a week.

Harper's Bazaar announces that blue-eyed girls are again coming into style. If they ever went out of style they did it so quietly and unostentatiously that nobody observed it.

Edison, the great inventor, promises within six months to supply the world with a storage battery at a cost of not over $200, that will enable its owner to travel without further cost any distance for fifteen years. He says the horse is doomed.

It is an every-day occurrence to get notice at this office to change addresses of the paper from one postoffice to another, which is easily done when the patrons give their old addresses, which we hope they will do hereafter when asking to change.

It has been said that a man is judged by the company he keeps, and in a large measure this is true. It matters not whether a man is engaged in business or is an office seeker, if he engages lieutenants whose social standing is below par it does not speak well for him.

After February 1, next, the American Bank Note Company will manufacture all United States postage stamps. Under a contract made public the concern must deliver 27,000,000 stamps daily six times a week. The American Bank Note Company made the first postage stamps for the government and held the contract up to thirteen years ago. At that time the government went into business itself by manufacturing the Columbian issue, and down to this day the bureau of printing and engraving has turned out all stamps.

A little over a half century ago the world was astonished by the announcement that Professor Morse had succeeded in sitting down in Washington and talking by means of a wire with people in Baltimore. Since then we find wires stretched over the world that have brought the whole human family within talking distance of each other. But that was only the beginning. Now electric service has attained to such perfection that the wire can be dispensed with, but latest of all now comes the invention of the "televue" by which the person seated at the telephone can actually see the person he is conversing with at the other end of the wire.

No wonder our good Uncle Joe Cannon, Speaker of the House at Washington, considers himself underpaid. While his job is fully as arduous as that of the Speaker of the British House of Commons, the latter gets, in the first place, a salary of $25,000 a year, and it carries the use of a magnificent residence in the palace of Westminster, overlooking the Thames, and various attractive allowances, perquisites and prerogatives. And when the holder retires, or is retired, he drops into a comfortable pension of $20,000 a year for the remainder of his life and a peerage. William Gully, the speaker who has just retired—a grandson, by the way, of a boxing expert, bookmaker and Derby winner celebrated in his day—now enters upon the enjoyment of these pleasant things. They treat their ex-statesmen more generously over there than we do ours.

THE CONFEDERATE REUNION.

The sixteenth annual reunion of the Florida Division, United Confederate Veterans, is at an end, and the various delegates and visitors have returned to their respective homes, well pleased with what transpired at this reunion.

This reunion was conceded to be one of the most successful in the history of the organization in Florida. While it might not have been as largely attended as some, it was an occasion filled to overflowing with satisfaction and good cheer, as it enabled the gray-clad comrades of the '60s to again mingle together, and relate the experiences of a common and hard-fought cause which they deemed was right and just. To their hearts' content the Veterans, rank and file, were permitted to relate to each other the trying circumstances under which they defended their country. Some of these experiences were hard and brought back to recollection the privations which the men were compelled to endure; but these were interspersed with the humorous side of the situation, and frequently, in relating the experiences, tears would turn to laughter.

The Veterans appreciated deeply the interest manifested by the good ladies of the Daughters of the Confederacy of the local camps, and also the presence of distinguished members of the U. D. C., State division. The presence of Mrs. Patton Anderson of Palatka and Mrs. M. C. Drysdale of Jacksonville, honorary presidents of the State division of the U. D. C., was an inspiration. Mrs. Anderson is the widow of the famous Kentucky General, whose record as a Confederate soldier was one to be always reverenced and appreciated by the Confederacy.

In all, the reunion at Gainesville was a grand success, and will be remembered by the Veterans as one of the most successful and enjoyable in the history of the Division. The Veterans returned to their respective homes full of gratitude and appreciation for the manner in which they had been entertained at the hands of the Stonewall Camp, the U. D. C. and the people of Gainesville generally.

God bless the Confederate soldier, and may he live to attend many more reunions, is the wish of The Sun. The Confederate soldier today is the noblest hero the world has ever produced and the world recognizes him as such.

A WORTHY APPEAL.

To the Citizens of Florida:

At this Thanksgiving Festival, when families are expressing their gratitude to God for the blessings of the year, for kind parents, loving children and comfortable homes, is it not a good time to show appreciation of all these many blessings in a practical way?

There are little children throughout our State who are parentless, homeless, or worse than homeless. The Children's Home Society of Florida guarantees to find a place as a son or a daughter in a good family home for every such child in our State. And for this work of transplanting children from distressful conditions to that of purity, love and plenty, we appeal to the citizens of Florida to co-operate with us, to help us to lessen the sufferings of innocent children by providing real homes for them, homes with loving foster parents.

The Children's Home Society of Florida has already rescued one hundred and five children within the borders of Florida. Many of these children are now permanently located in homes of happiness and plenty. They sit at bountiful tables; they sleep in comfortable homes; they are respectfully clothed; they live in good families, and are regarded as members of the family; they are caressed and loved; and, after awhile, they will become good men and women, filling places of usefulness in society.

Is not all this something to be thankful for? Shall not our praise and Thanksgiving be the highest on this account, delivering little children from cheerless homes, from want, from evil surroundings?

If we kept these one hundred and five children together we would require extensive buildings and many care-takers. In marching line they would make a big showing, that would impress people with the greatness of our work. But the fact is that they are not visible in one place; they are scattered over the State in private families, which means that we are doing the best thing for the taxpayer, the best thing for society, the best thing for the child. Home life is the only source of individuality and strong characters.

We therefore most earnestly ask the people of Florida to make a Thanksgiving offering to this society, which has for its object the finding a good family home for every homeless and dependent child in the State.

Contributions may be sent to the office of the society, Room 5, Astor Building, Jacksonville, Fla.

A NEW TRUST.

The Beet Sugar Trust—The Great Western Sugar Company—thinks it has a cinch on the production of denatured alcohol from the waste pulp of the sugar beet, after the available sugar has been extracted. A fight between the whiskey trust and the sugar trust to control the market for denatured alcohol would give us cheap alcohol for fuel and light for a time, at least until the two trusts combined. But if the Beet Sugar Trust is successful in thus disposing of its waste product, what becomes of the argument that the farmers are to find a market for grain which will not pass inspection? Under Republican legislation it always seems to turn out that the farmers get the worst end of it and the trusts come out on top.

The announcement that a charter has been requested from the city for the construction and operation of an electric trolley line is but another notch in the wheel of prosperity for Gainesville. Realizing the tendency to grow and the rapid strides of commercial advancement, the promoters of this enterprise have concluded that a trolley system for Gainesville would not only prove a big convenience, but a paying investment, and in the event that the charter is granted, it has been promised that the system will be in operation within three months. Gainesville is forging ahead, and at the present rate it will not be long before this city will be fifth in rank in the State in population and importance.

Don't be afraid to do your duty because some one ridicules or opposes you. A man who has opinions of his own and the courage to advocate them will be sure to have opposition in this world because he runs across or contrary to other people's opinions; but just keep right ahead if your cause is right and your conscience clear. Don't worry about what other people will say; life is too short for that. Some will abuse you through envy, others for the want of principle and some because they honestly differ from you; but if you keep right on openly, manfully and intelligently, and with your proper dignity of character, honesty of purpose and self-respect, those who differ from you will respect your opinions.

Life is too short to be overshadowed by gloom. Let us live bravely and cheerfully, as well as industriously and dutifully. The true heart recognizes the duty of happiness and faces it with a certain courageous gayety that solves many doubts and scatters the clouds of woe and disaster. Let us cultivate the habit of cheerfulness and know that when we quench the innocent joy of a fellow creature by a word or a frown we are deliberately destroying a part of the world's most precious treasures.

Now, that all conventions are over—and Gainesville has been blessed with them—let every citizen put his shoulder to the wheel and help make Gainesville what every citizen desires—the most up-to-date interior city in Florida. The improvements now being made and contemplated will accomplish this, and it is the duty of every resident to render every assistance possible in carrying out the work.

There are times in the work of a newspaper man when he must be controlled by his sympathies for the innocent ones in the publication of news. This paper bows to the inevitable in such cases and is willing to accept the criticism of some if good is accomplished and aching hearts are saved further pain.

SERMONETTES

It can never be too late to hope.

A skimping economy will never pay.

Vain regrets are but the waste of days.

Only the intense poise brings serenity.

Stop a trifle beyond the surging crowds.

Some men have pinched their views of life.

Don't sell your ideals to the highest bidder.

A university diploma is not a metal insurance policy.

There is nothing between you and God but yourself.

Go clean around the man that is smaller than his dollars.

Money, with no character behind it, is always a dangerous force.

You measure strength at the weakest point. Don't forget that.

Everyone has within him the element of mastery. Believe it.

Sometimes leading "the simple life" makes us entirely too simple.

Often the serious view of life is a vice—it finds its rise in greed.

Doing the work of the present hour faithfully is a noble conception.

There can be no lofty attainment without the cost of heart blood.

The real man is the watch-dog of his money, his secrets, and his temper.

Most of us want to play with the spoon before we take our medicine.

The dividend you get from any worthy achievement is what it actually costs.

Don't look for the halo of martyrdom if you can be successful without it.

You do not need to know the reason for things in your life that seem so strange.

Shut the door of memory. That terrible day is dead. Why court the gruesome skeleton?

Great things are sometimes reached by small men, but great men always reach small things.

This must be a sad old world to the man that believes that goodness is not forever in the ascendancy.

There is nothing between you and your fellow man but the merest delusions. How widely they separate us!

No wonder the witch can read character in the palm of the hand. It had much to do with the building of it.

One log will not burn alone. Neither can the heart forsake and survive. Humanity is not built for the solitary life.

If you would get in on "the ground floor"—if you would listen to the "ticker" of the ages—put your ear to the bosom of a child.

Some people seem to set apart for ministry to others that they appear to have no opportunity to be ministered unto. However, they are but few.

No man has the right to judge the act of another unless he has the same view-point. He must stand within the range of the very motive that inspired the act.

However much the sponge soaks up, it's no good unless you can squeeze the water out. Many a collegian's mind is nothing in the world but an old dry sponge.

What an age this is! Everybody straining for the ground floor; everybody pulling for advance information; everybody trying to get a peep behind the scenes.

Oh the vacant space where our loved ones used to stand! Nothing else can fill that horrible niche in our vision. That awful chasm will never be no more to us.

There are songs unsung and unplayed. The rythmic years of ministry work out a refrain to be caught up by the choirs along the shoreless seas.

There are better ways. George Macdonald said: "If, instead of what we should cast the gift of a love-thought into the heart of a friend, we would be giving as the angels give."

There is a waste that even the sea is prodigal with her wealth. The luster from the star is lost. Not a drop is missing from the ocean. Its opulence is held in trust for us.

THE CIRCUIT COURT

Adjourned to Monday Morning—Criminal Docket Will be Taken Up.

The fall term of the circuit court convened at 8:30 o'clock this morning, His Honor Judge Bascom Palma presiding.

The case of Geo. Scofield vs. the Seaboard Air Line railway, assumpsit, was called, but owing to the illness of important witnesses who could not be present, the case was continued. The continuance was granted on motion of the attorneys for the plaintiff.

Judge Palma, believing and acting in obedience to the unwritten rule of the court in former terms, did not desire to take up the criminal docket of the court this week, hence adjourned until Monday, when this dockets will have attention.

The Coming "Big Show."

Darwin's theory that man and monkey are allied, finds many new supporters among the visitors to Cole Brothers' United Shows' double menagerie, to be seen Thursday, Nov. 22, in Gainesville. In this mammoth traveling zoo is "Walter," the most amazingly educated orang-outang ever exhibited. Captured in the wilds of South Africa by Cole Brothers' special agents less than eight months ago, "Walter" has been taught to do all that the average young man can, except talk. Unassisted this phenomenally educated brute will dress itself in a tailor-made suit with regulation long trousers, fancy waistcoat and tuxedo; eat with knife and fork; draw pictures upon a blackboard; eat with spoon, knife and fork; operate a miniature automobile as well as impersonating several prominent characters. Scientists everywhere have carefully studied "Walter" and are a unit in declaring the animal the most marvelous ever seen.

Good help never need be watched.

Voting Strength of Territories.

Muskogee, I. T., Nov. 16.—The first accurate estimate of the voting strength of the two territories is just disclosed by late returns from the recent election in Oklahoma and Indian Territory for delegates to the constitutional convention, which is to frame a constitution for the new state of Oklahoma. The estimate places the vote of Indian Territory at 101,000 against 94,690 for Oklahoma. The census of 1900 gave Indian Territory a population of 582,000 and Oklahoma 396,000.

THE CIRCUIT COURT.

Grand Jury Discharged—Civil Cases Will be Taken Up Today.

The circuit court was called to order at 8:30 o'clock yesterday morning, His Honor Judge Palmer presiding. The morning was spent in disposing of civil cases by continuance, compromise and otherwise, after which the court adjourned until 8:30 Saturday morning.

The grand jury was discharged, after having brought in true bills in about forty cases. Among these were seven cases for murder.

The grand jury, through State Attorney Long, has done the most effective work recorded in Alachua county in many years, and the State Attorney deserves a great deal of credit for his work.

West Liberty street has developed into quite a busy thoroughfare since the establishing of the University of Florida at the head, together with other improvements.

To Capture Negro Desperado.

Nashville, Nov. 16.—A Cloyd's Landing, Ky., dispatch says that Sheriff Bryan, of Monroe county, at the head of a large posse has gone to Pea Ridge for the purpose of capturing Jesse Coe, the negro, who, with George Williams, another negro, murdered two policemen and wounded another at Indianapolis on Sept. 30, last, and for which Williams has already been sentenced to death. The reward for Coe's arrest has recently been increased from $700 to $1,500. Coe is surrounded by negro fgriends, armed with Winchesters who swear he shall not be taken alive.

New York, Nov. 16.—Joseph Wheeler, Jr., whose season in "Just Out of College," recently came to an abrupt close, is to be operated upon in Roosevelt hospital. Mr. Wheeler's illness explains the closing of his season at a time when his health appeared to be better than last year. Members of the company are now telling how he said goodby to them after the last performance, and added that he might never again be seen on the stage.

USED FISTS TO DEFEND GIRL.

Railroad Men in Battle at a Macon Hotel

Macon, Ga., Nov. 16.—Unusual excitement attended the uttering of a remark at the table at the Hotel Stewart at the supper hour and E. F. Perkins is confined to his room as the result of a fight which followed the insinuation made to the pretty 15-year-old daughter of the proprietress.

While Perkins and the young lady were at supper with a number of other men the conversation was converted into an embarrassing strain with Perkins in the initiative. Henry E. Crandall defended the young lady and remonstrated with Perkins, a fight following, which terminated in the making of several cases by the police.

In police court Crandall was exonerated after the incidents connected with the case were recited. Both Crandall and Perkins are railway employes. Perkins was severely hurt in the fisticuff encounter. His case was continued. His assailant began fighting the moment he thought it necessary to defend the young lady and he did not release his victim until the police were summoned.

Await Further Instructions.

Oklahoma City, Okla., Nov. 16.—Officers at Fort Reno, near here, are still awaiting further instructions before begining the actual discharge of three companies of negro soldiers, recently ordered dismissed from the service for their connection with the Brownsville, Tex., rioting.

The Publisher's Claims Sustained

UNITED STATES COURT OF CLAIMS

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philological knowledge than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition; and that in the future as in the past it will be the source of constant reference.

THE VETERANS' BALL.

A Delightful Climax to a Most Successful Confederate Reunion.

The ball given at the opera house Wednesday evening complimentary to the sponsors and maids of honor was a delightful climax to the reunion of the Florida Division, United Confederate Veterans, and proved a most enjoyable feature of the reunion.

The ball was largely attended, about forty couples participating, among whom were many of the old Veterans who threw their very soul into the function. One of the features of the ball was the old Virginia reel, which was participated in by General Fleming and other Veterans, and greatly enjoyed.

Dr. J. Harrison Hodges had the honor of leading the grand march, with Miss Alene Buckman of Jacksonville, the division sponsor, as a partner. This march embraced many difficult and beautiful figures, and is said to be one of the prettiest ever seen on a ballroom floor in this city.

During the evening refreshments consisting of sandwiches and coffee were served by the ladies.

Twenty numbers with two extras comprised the program, and it was after 2 o'clock when the strains of "Home, Sweet Home," warned the visitors that "23" had arrived.

Misses Buckman and Haile, as division sponsor and maid of honor, respectively, captivated the people of Gainesville by their cordial and pleasing manner, and many expressed the hope that there would be no change in the sponsor and maid of honor during the ensuing year.
